Your grievance with Grant

Grant ordered you to disable the Donor Salon camera because he planned several off-the-record meetings. He then told you that if anything went wrong tonight, security would 'own the failure.'

Your other secret

You personally unplugged the camera despite museum policy. You did it under direct donor pressure and never documented the order.

Three things to try before dinner

1. Introduce yourself to someone you do not already know. Your role and pre-party sheet are enough.
2. Find out who knew the Donor Salon camera was offline.
3. Keep the camera decision quiet until you understand the murder timeline.

When a named contact is absent, discuss that issue with any guest. No task blocks the investigation.

Private background can be shared or withheld. Later hearings tell you exactly what must be said. No crime confession is printed in these four play pages.

Hearing 1 / Motive

Everyone uses this same answer. When asked the shared motive question, read only the boxed words.

READ ALOUD / YOUR ANSWER

Grant ordered me to switch off the salon camera. I complied against policy. He then suggested I would take the blame if anything went wrong. Something has certainly gone wrong.

Your next action

When the turn reaches the next occupied seat, ask that guest the motive question from Questions & Notes. After the hearing, write one motive you heard. You do not need to invent dialogue.

Hearing 2 / Whereabouts

Check your kept animal slip. Read ONE boxed answer. Do not read the selection labels aloud.

ANIMAL NOT CALLED / Read this answer

I was at the security station from 6:40 to 6:49, dealing with manual security checks after disabling the camera. The museum attendant there watched me throughout. I did not go back to the Donor Salon.

ANIMAL CALLED / Read this answer

From 6:40 to 6:49, I was at the security station. I was dealing with manual security checks after disabling the camera. I did not return to the Donor Salon during that time.

Listen for the fictional 6:40–6:49 window. The real locations of guests during the party are not evidence. Use only printed story facts.

Hearing 3 / Evidence

Open your EVIDENCE envelope. Choose privately: animal NOT called = Card B; animal CALLED = Card A. Submit only that letter. Keep the unused card hidden. Do not choose according to what looks safer.

On your turn, read your submitted card first. Then read ONE boxed answer below. The facilitator will count every guest's card before starting.

ANIMAL NOT CALLED / Your evidence reply

The signed record confirms the attendant watched me at the security station throughout the whole window. It also exposes manual security checks after disabling the camera. I would rather be embarrassed than accused of murder.

ANIMAL CALLED / Your evidence reply

I stand by my account of being at the security station. I dispute the service attendant's identification. I cannot produce a continuous alibi record. Please compare the time on that note with the poison window before deciding.

Put the read card on the Evidence Table. Keep your FINALE envelope sealed. Discuss, then vote privately.
