

Murder Mystery

Dinner Party 2026

Elon Mosaic

The Meridian Museum

October 30, 2026 / Private player packet / 1 of 12

INTRODUCTIONS

Elon Mosaic

Tech Founder, Collector & Museum Patron

Elon keeps suggesting that the museum should pivot to subscription antiquities. Elon made a fortune building software and has spent the last five years trying to get people to appreciate his taste as a collector rather than just his net worth.

- Buys everything through **Hugh Bidder** but pretends he found the art himself.
- Knows **Tess Tament** from the collector circuit. They compare acquisitions whenever they meet.
- Keeps pitching museum technology to **Monet Bags**. **Monet** asks for the price before the demonstration.

ACTING TIPS

Energetic, socially confident, competitive, eager to demonstrate taste without looking eager.

YOUR INTRODUCTION / READ THE BOX ALOUD

I'm Elon Mosaic. I collect art. Some people collect grudges about the art I collect. Both are expensive hobbies.

Continue to your private briefing on page 3. Keep the packet facing you.

Behind the portrait

Your grievance with Grant

Grant had blacklisted you from a major acquisition after you outbid him anonymously for a work he wanted. Tonight he planned to announce that your collecting practices were 'speculative theater' and block your appointment to the museum board.

Your other secret

You were the anonymous buyer in the auction incident everyone keeps referencing. You concealed your identity through Hugh to avoid a bidding war with Grant.

Conversations to start

- Keep Hugh Bidder from revealing your role in the auction.
- Find out whether Artie Ficial supports your board candidacy.

One attending guest committed the murder alone. Follow your printed account during the hearings. If a named guest is absent, speak to someone else.

By now, you should have drawn a secret animal. Memorize it and don't share it with anyone. This animal is YOUR key to knowing whether you are the murderer or innocent tonight. This will tell you which sections of this packet you can read out loud.

The game is afoot

The Meridian Museum has its share of secrets, rumors, and lost paperwork. Sixteen numbered envelopes are hidden around the museum. Their contents may significantly help you tonight. These 3 hints lead to 3 different hiding places. If you find an envelope, bring it to your seat at the table. The guest with the most envelopes will win a special prize. You may investigate together.

- 1 *A looking glass shows almost everything. Its upper edge is less forthcoming.*
- 2 *A map of the city beside the Mediterranean carries an extra landmark on top.*
- 3 *Look behind the pillow wearing the color of the deep sea.*

Your answer

After answering, ask an unheard guest their question from the previous page.

IF INNOCENT

I was the anonymous buyer. Hugh handled the bid so Grant wouldn't inflate the price merely to punish me. Grant then threatened to block my board appointment and describe my collecting as speculative theater. I do enjoy theater. I prefer the seats to come with an actual purchase receipt.

IF MURDERER

The anonymous buyer was me. Grant lost, then decided the auction required a moral inquiry into my character. He intended to announce it tonight and kill my board appointment. A man who purchased the naming rights to a museum objected to someone else purchasing an object.

Your answer

Read only the bordered words when asked. Keep your packet facing you.
After answering, ask an unheard guest their question from the previous page.

IF INNOCENT

I brought Grant the installation proposal. The folded price page had a red mark. He was offended by my anonymous auction purchase and asked how much his name would cost in the installation. I had omitted it from the estimate. I made that single delivery, then returned to the galleries; I did not revisit the service station before the toast.

IF MURDERER

I delivered a working carbon of the installation proposal to the private service station. A red mark crossed the folded price page. Grant was offended by my anonymous auction purchase and asked how much his name would cost in the installation. I had not included it in the estimate. An omission can be a design decision.

Your answer

Read only the bordered words when asked. Keep your packet facing you.
After answering, ask an unheard guest their question from the previous page.

IF INNOCENT

I had the original proposal embossed RECEIVED at the desk before delivering it. The clerk let me feel the raised impression. I had wanted to see whether it spoiled the price-page layout. The concealed auction purchase is mine too. Grant did not get to edit either transaction.

IF MURDERER

The red number is my revised price, written on the working carbon. That is what I carried to Grant. The clerk embossed the original later. The anonymous auction purchase was mine, and so was the price. He wanted a concession on both because he had discovered one.

The shared discoveries and reports remain at the Evidence Table.

IF INNOCENT / READ ALOUD WHEN CALLED

I was the anonymous auction buyer. I concealed that interest while presenting myself as a disinterested donor, and I will disclose it. I waited for the original's RECEIVED embossing before my sole service visit. The seal first operated after the dome closed. My proposal concerned an installation; that delivery could not contaminate the sealed cup.

IF MURDERER / READ ALOUD WHEN CALLED

I took C-17 during the preparation walkthrough and hid it in my screen cloth. Between the bells I delivered the working carbon of my installation proposal to Grant and coated his coupe beside the folded price page. Staff sealed the dome and later poured the cordial. He had threatened my board appointment over the auction purchase. I wanted him out of my way, and I killed him. My corrected estimate did not correct what I did.

Every selected suspect gets their final word.
