

# The Last Acquisition

*October 30, 2026 / Tulsa / 15-30 guests*

## OPEN FREELY

The facilitator guide, pre-party introductions, invitation, animal slips, ballots, museum signs, placards, name cards and awards are safe to inspect.

## SEND BEFORE THE PARTY

Assign the 15 core roles first, then add optional guests. Send each guest their own single-page PDF or PNG from PreParty\_Individual, plus the invitation. Do not send private packets or the full kit to guests.

## PRINT WITHOUT READING

Private packets, clues/forensics and A/B pairs live in PRINT\_WITHOUT\_READING. Print single-sided at 100%, face down. Use 10\_Blind\_Printing\_and\_Assembly.pdf to cut and seal by names and numbers.

## KEEP SEALED

The spoiler bible and editable source expose every branch. Leave SPOILERS\_DO\_NOT\_OPEN closed if you are playing.

## AT CHECK-IN

Give each guest their labeled private envelope. Use separate core and optional animal bowls. The facilitator guide explains how to remove absent core animals from the murderer draw.
