

Print. Cut. Seal.

Print single-sided at Actual size (100%). Do not use booklet mode or two pages per sheet. Print private files face down; keep the output tray covered. If your printer outputs face up, ask a non-playing helper to handle exposed text.

Each guest gets two consecutive private pages and both A/B cards. Seal them in a labeled envelope. Each individual PDF has the same two private pages.

Evidence: 15 sheets, two guests per sheet. Cut each dashed rectangle. The two cards in each row belong together. A/B assignments vary by guest; letters do not identify guilt.

Clues: hide 1-16 by the safe placement table. Keep F1-F5 face down until Act III.
