

One guest. One complete packet.

Print one named twelve-page SECRET packet per attending guest: single-sided, 100%, face down. A non-playing helper can handle exposed text.

Leave ballot page 11 loose inside. Staple other pages in order at the upper left. Orientation, hunt hints, questions, answers and Coming Clean stay with the guest.

Place the covered packet facing up at the guest's named seat, with a pencil. Keep the public introduction separate for sending before the party.

If using the combined file, each consecutive twelve-page block belongs to the next name listed below. Do not read private pages while assembling.

Print one host guide and name checklist. Hide Discoveries 1-16, then display any missed at hunt end. Stage reports: F1-F2 before Motive, F3 before Opportunity, F4-F5 before Method.
