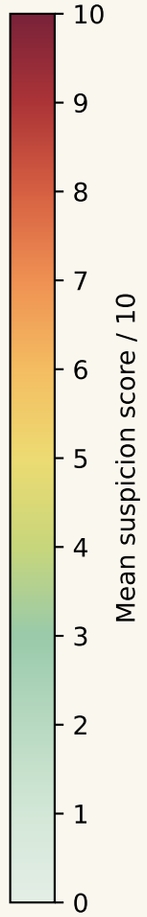
| Justin Tyme (3/3 usable) | 0.7 | 1.0 | 1.0 | 2.3 | 2.3 | 5.0 | 4.7 | 9.0 |



Sensitivity view: excludes entire trials with conflicting final scores and conclusions. No scores repaired.
Parentheses show usable readers / completed readers; a dash means no consistent numeric data yet.
The companion raw heatmap retains every completed trial. Scores are not probabilities or human solve rates.
