

One guest. One complete packet.

Print one named twelve-page SECRET packet per attending guest: single-sided, 100%, face down. A non-playing helper can handle exposed text.

Staple pages in order at the left edge. Questions, answers, records, ballot and Coming Clean are all inside.

Give the guest their named packet and a pencil at arrival. Keep the public introduction separate for sending before the party.

If using the combined packet file, each consecutive twelve-page block belongs to the next character name listed below. Do not read private pages while assembling.

Print one host guide and name checklist. Hide Discoveries 1–16. Stage reports: F1–F2 before Motive, F3 before Opportunity, F4–F5 before Method.

Packet order / character names
