Grant owned a student painting I have spent years trying to buy back. Tonight he wanted it beside my celebrated work as a joke about humble beginnings. I did not consent to being the punchline of my own exhibition. During setup I borrowed the cabinet key and took the toxin sample. At 6:44, I used the excuse of asking him to withdraw the student painting to enter the salon. I dampened my gold-seamed linen with the sample and wiped the inside of Grant's coupe and its rim. That transferred the poison. I left with the cloth. The door entry, key loan and linen receipt were all real. What I left out was what I did between them.
