Grant wanted the salon camera off for private meetings. I followed his order. Then he said security would own any failure tonight. He wanted discretion when it suited him and somebody else's head when it did not. During setup I borrowed the cabinet key and took the toxin sample. At 6:41, I used the excuse of checking the camera work order to enter the salon. I dampened my gold-seamed linen with the sample and wiped the inside of Grant's coupe and its rim. That transferred the poison. I left with the cloth. The door entry, key loan and linen receipt were all real. What I left out was what I did between them.
