

Elon Mosaic

Tech Founder, Collector & Museum Patron

Elon keeps suggesting that the museum should pivot to subscription antiquities. Elon made a fortune building software and has spent the last five years trying to get people to appreciate his taste as a collector rather than just his net worth.

- Buys everything through Hugh Bidder but pretends he found the art himself.
- Knows Tess Tament from the collector circuit. They compare acquisitions whenever they meet.
- Keeps pitching museum technology to Monet Bags. Monet asks for the price before the demonstration.

ACTING TIPS

Energetic, socially confident, competitive, eager to demonstrate taste without looking eager.

COSTUME SUGGESTIONS

Modern black tie with tech-founder looseness: excellent jacket, minimal sneakers or polished shoes, unusual watch, bold glasses, goofy hairstyle.
