

An evening of unfinished business

CASE: MERIDIAN / 30 OCT 2026 / F2

NAMING AGREEMENT

Veto power, museum renaming and management changes.

OBJECTS & PAYMENTS

Disputed title, altered records and unpaid design invoices.

PERSONAL PAPERS

Family trust amendments and threats to professional reputations.

Certified findings

Grant's papers concern a naming agreement, disputed objects, unpaid invoices, a trust and threats to careers. The warning note, suppressed reports, altered records and camera shutdown require investigation too. Preparation linen and the cabinet key were available to all registered gala guests; access alone does not identify a poisoner. Separate wrongdoing can explain why a guest conceals an activity. Compare what people say with the actual records before deciding which secret concerns the death.
